

# Roll All Day

Ice Cube

I got a full tank of unleaded (4x)

Now we could roll all day, if i could ride all night  
---I got a full tank of unleaded--- (2x)

I see you walkin' and i'm damn near stalkin'  
You a chicken head and i'm chicken hawkin', now we talkin'  
'Bout your unlucky backround  
And how your ex-boyfriend is smokin' crack now (why)  
I'm very very simpethetic  
But baby where you headed?  
---I got a full tank of unleaded---  
She got in and had ass for days like  
---BOOM, BAM, GOD, DAMN!---  
She aks me would i harm her  
No, i'm a charmer  
A fuckin' night in shining armour  
We went out and had a blast, everytime she walked past  
Nigga got a quick fast glimpse of that ass  
("what choo wanna do after this?")  
I wanna get your tities in my fist  
But you wanna kiss  
Your mouth might taste like dick (ewww)  
And i grew up on bearin' wit, trick

Now we could roll all day, if i could ride all night  
---I got a full tank of unleaded--- (2x)

Niggas that i know don't kiss no hoes  
Niggas that i know don't buy no clothes  
Niggas that i know don't fuck no pros  
Niggas that i know roll foots in fours (yeah)  
Pull them panties off your hips  
Pussy deep as crips  
And 'bout as wide as my grip  
Never ever get me with that whipper feel  
They got a pants full of black steel  
Am i too real?  
You like dick i know you do  
Wanna bring out the hoe in you  
I know what you're goin' thru  
You already think you're cree-al  
You should learn to suck this like Vanessa Del Rio  
Aww, you thought i was a nice guy  
But shit, i was around eight, with bitches gettin' laid  
If i wrap my dick in plastic  
Now, how wide can that ass get?  
It's gettin' drastic

Now we could roll all day, if i could ride all night  
---I got a full tank of unleaded--- (2x)

Should of picked up an old girl that i know  
That's what i get for fucking with you young hoes  
About to get an attitude, what's hapenin'?  
Baby how you actin'?  
Let's get it crackin' (c'mon)

No?

well then bitch you got to go

I put her ass out, on imperial

Hoe slammed my door, next to texico

Kick my lexo, broke my window

Put out my indo

Jumped out and said "bitch are you crazy?"

Fucked around and got lazy

She jumped in my car, took off, now i'm stuck

And all i want to do was fuck

(damn....)

I had to stroll all day, I had to walk all night

---i had a full tank of unleaded--- (2x)
