

# She's Sanctified

Ice Cube

Yeah, I got it from the Bay  
I like to make good girls do bad things (Sanctified)  
And I like to take a bad girl to a ballroom banquet  
Like a upscale brunch or somethin', you know? (Sanctified)  
Just to see what she gon' do

Nasty or nice, put it on ice  
It don't matter, what's your vice?  
Take my advice, cut me a slice  
Seven or eleven when you roll these dice  
You can hit it once, you can hit it twice  
Make your ass yell "Jesus Christ"  
Middle of the day, middle of the night  
It don't matter, time of your life  
From a church girl to the worst girl  
I like a classy chick with some nasty tricks  
So lit when the ass is thick  
I'm well-equipped, that's no bullshit  
Well, it's apparent I'ma meet the parents  
Check out my new inherence  
Met her daddy in the basement  
What up, pops? I'm your new replacement

Oh, some girls do, some girls don't (Ooh)  
Some girls will, some girls won't (Oh my, my, sanctified)  
(No, no, no, no)  
Some say yes, some say no  
Some say stop, some say go (Oh no, no, girl, come on, sanctified)  
(Oh, na-na-na-na-na, baby)

Maybe last night or maybe last week  
She was eatin' meat in my Las Vegas suite  
I like all mouth, bitch, no teeth  
Had to slow her down, beep, beep, beep  
No, no, no, bitch, that ain't how it go, bitch  
Hit the stroll, bitch, make a nigga more rich  
Suck it up only using your lips (What?)  
No hands, get your pants  
Time to go, I got some plans  
Kiss goodbye? Not a chance  
Wanna come back, bring a lot of friends  
I can sit back and watch 'em all dance  
Then pick a couple out and take 'em to the back  
Smoke a little weed with 'em, we can make it crack  
At first, she wasn't with it  
And then we did it, and we did it, and we did it, and we did it

Oh, some girls do, some girls don't (Ooh)  
Some girls will, some girls won't (Oh my, my, sanctified, oh, sanctified, ye

She's a bigger player than me  
Everywhere we go and everywhere we be, it's no rules (No rules)  
But when we all alone, we some fools  
Fuck her in her dress and her shoes (And her shoes)  
Didn't make it past the living room  
We fuckin' on the floor, that's what we doin' (That's what we doin')
