

# Freak Flag

## Ice Nine Kills

We're taught to be like them  
Taught to know a place  
We kept the pace but we're done pretending  
A fault line through their fairytale endings

They've tried to sell us on convenience and conformity  
Those aren't the measures of the man that I want to be  
Rise up if you agree

And let your freak flags fly  
We're all messed up inside  
And forced to act like everything's alright  
Wave those freak flags high  
Rejected 'til we die  
To hell with tomorrow  
Just let your freak flags fly tonight

We're taught to fall in line  
Taught to know the rules  
We've played the fools and we're over the laughter  
They can keep their vapid happily ever-afters

They can't sell us on convenience and conformity  
Those aren't the properties of people that we want to be  
Rise up if you agree

And let your freak flags fly  
We're all messed up inside  
And forced to act like everything's alright  
Wave those freak flags high  
Rejected 'til we die  
To hell with tomorrow  
Just let your freak flags fly tonight

Made from a different mold  
Stuck in a different skin  
We will never back down  
We will never fit in  
A different breed  
Stuck in a different skin  
We will never back down  
We will never fit in

So let your freak flags fly  
We're all messed up inside  
And forced to act like everything's alright  
Wave those freak flags high  
Rejected 'til we die  
To hell with tomorrow  
Let your freak flags fly  
We're all messed up inside  
And forced to act like everything's alright  
Wave those freak flags high  
Rejected 'til we die  
To hell with tomorrow  
Just let your freak flags fly tonight
