She carry bum-bum and I carry antenna
Me freedom fighter
My Nelson Mandela

She says she's a virgin

She want me to believe
Girly so silly
My girly so silly

Make a wish. E. Oh. Aladdin
Pretty fine girl. Oh. Melanin
Why your skin so tight?
You skin so fine
Baby girl, are you from Germany?

When I step in the place, she dey drop and whine
She dey give me good love
Come rain, come shine
And we go together just like tequila and lime
First class for my baby
One time I done close my eyes
From these girls online
All I see is blue skies
My girl, the sunshine

All I see is blue skies
My girl, the sunshine

It's just me and my girl flexing
Five-star hotels and we don't do guesting
Even when we're overseas, we over-night texting
We don't throw punches and we don't do wrestling

As I no kuku too dey cheat
Shout-out to my boo boo steady holding down the sheets
Lady in the streets. Close doors when she a freak
Shorty, do me sex tape the type wey no dey leak
