

Cartel

Ice Prince

Cartel can't mess with my cartel
Me I got a brand new cartel
Still with my OG cartel
Cartel can't mess with my cartel
Rolling with a brand new cartel
But still with my OG cartel

I might as well
Talk to this pretty sweet fine girl
Light skin fresh like Adele
Sun momi Naomi Campbell
Hennessy and Martell
Everybody drunk and I can tell
They na only me wey dey stand well
I look around me and I can tell
I'm so connected in my city
I'm still the cool cat of lasgidi
I'm still the nigga and I'm on my lane
More fire more ice more rain

Cartel can't mess with my cartel
Me I got a brand new cartel
Still with my OG cartel
Cartel can't mess with my cartel
Rolling with a brand new cartel
But still with my OG cartel

I might as well
Introduce you niggas to the clientele
Headed to the top only time will tell
Still a lotta records that I gotta sell
Made a promise to my mama
Now I'm getting to the bag and it's no tricks
Really got me rapping like I'm Drizzy in 06
Got the clip loaded when I'm shooting I don't miss
I was in a different type of zone when I wrote this
Baby check the fresh
Cut from a different cloth I never stretch
All the real Gs in my city pay me respect
Now I'm blowing up
And I ain't drop my own single yet
Got the spirit of a king
Niggas thinking I'm rapping
I just dey sing
It's a movie when I pull up with the team
My cartel still the hardest on the scene
You know what I mean
Back when I was twelve and I just wanted to ball
Had no money in my pocket with nobody to call
I was shooting for the stars and was hoping they fall
I was waiting on the sunlight
Tryna get this one right
Had to get my funds right
Try to play me I'm the wrong type
You now messing with the kid
I'm the hottest in the game
Nigga look at what I did

Cartel can't mess with my cartel
Me I got a brand new cartel
Still with my OG cartel
Cartel can't mess with my cartel
Rolling with a brand new cartel
But still with my OG cartel

Me I know Breezy
And I know Zaza
Me I know Jamboy
The real Larry Gaga
Me I know Sick P
Tony Montana
It's a big deal when we link up for Ghana
We dey spend raba
And we pull up in a black supercharger
If you see me high like Matt D
Black got me feeling like that o
If you see me pull up with no smile on my face
Please no vex
E fit to really be say I been stressed
Still blessed still blessed
