

# Higher

Ice Prince

All the times that me  
Be rooting fi some magic  
You don't know what I have been through  
You can't imagine  
Some days nice and some days bad  
But we still here  
So we give thanks to jah

Yeh yeh yeh  
Some days are harder  
Some days are colder  
Some days I need a shoulder  
Sometimes I fall down but still I stand up  
Then I go turn up  
Yeah  
Take it a day at a time  
If you ask me well I'm doing fine  
Turned my L's to lessons  
Never change through the seasons  
Seasons seasons  
Give to Caesar what belongs to him  
Keep my joy it belongs to me  
Silwana nabintu Ebyange byange  
Victor to the bone the king to the throne  
Dey play but they chose the wrong game  
Playing the wrong man  
And they chose the wrong day  
Hmmm  
Throw me in the ocean and I might go grow gills  
Drop me from the sky and I might go grow wings

Will you take me higher  
Higher than the birds in the sky  
Will you take me higher  
Way higher than the clouds  
Will you take me higher  
O higher than the sky  
Will you please take me higher  
Take me higher  
Take me higher  
Take me higher

You know I'm way above the cloud  
And I'm higher than the star  
Everywhere we go they know exactly who we are  
I'm gonna say we hotter than the sun by far  
Them want a little photo in my car  
It's eye and eye with the high Grade  
Smoke till my chest no Dey breathe e Dey vibrate  
Me I make em jump off Jimmy jatt styling  
Pop a likke BENZ  
I'm a step on the Highway  
All my niggas rich rich  
Na them Dey hail me  
100k loud we Dey smoke on a daily  
Look in my eye you go know say e pain me  
If my nigga no make am

Be like say them betray me  
Na everyday wey I Dey pray  
Make I see the sunrise  
As long as God Dey my side  
I no fit Die like Fungai  
I'm tryna write a couple bars  
But my nigga wan high  
Na every chunes day  
Dj Dino Dey play my song high

Will you take me higher  
Higher than the birds in the sky  
Will you take me higher  
Way higher than the clouds  
Will you take me higher  
O higher than the sky  
Will you please take me higher  
Take me higher  
Take me higher  
Take me higher

All the times that me  
Be rooting fi some magic  
You don't know what I have been through  
You can't imagine  
Some days nice and some days bad  
But we still here  
So we give thanks to jah

Will you take me higher
