

Jah Bless Me

Ice Prince

If you wan give me stone make I chop
If you wan see water inside my eyes ohh
No one knows tomorrow (No no no no no Yeah)
So, even when I'm down amma keep my head up
I keep my head to the sky 'cause

Shey you know that Jah bless me?
Even when I'm drifting away from his love and light (Jah bless me)
And I no go lie I dey fall, I dey fuck up I dey dull but
Jah bless me
Even when I'm walking away, I'm walking away
Jah bless me
I say na Jah blessings aww- yeah

Ohhhh
Even when I'm walking away, I'm running away like a thief in the night (Ohhhh
)
I see the red light
Ohh Ohh, Ohh Ohh
Even when I'm drifting away (ohhhh) I dey feel like John-Bull
I say na Jah blessings

When I look into the mirror, all I see is your blessing
All day, all night, every minute a sec
I can't believe my man took his life when he got depressed
But who am I to judge of course sometimes you get stressed
I look up to the Heavens and I believe that it's real
You know I am that I am, you know the feeling is ill
Me I believe in you still until infinity finish me
I'm a metaphor simile of your power that's literally

Jah bless me
Even when I'm drifting away from his love and light
Jah bless me
And I no go lie I dey lie, I dey fall, I dey fuck up, I dey dull but
Jah bless me
Even when I'm walking away, I'm walking away
Jah bless me
I say an Jah blessings aww- yeah

Thank God that we older now
(Ohhhh) Can't really get over you
Can't stop until it's over now
(Ohhh) Can't love all the persons anymore
All for you, I dey fantasize
(Ohhhh) Without you don't have any chance
All day anytime
