See my brothers, no be type for Chineke

Call it to your rescue
Hope you keep the semi-automatic, no trust dey trust

'Cause you owe the country, lot of muscles
Dey padlock the person put to lock hin pencil
Never scared the Lord, to bear me witness

Ugly like an orangutan
In short, don't be steady care
Let's rap for the president
Wey they give their fire for the 20-10

All the talk is so irrelevant
All white brom ever scent
