

Looking At You

Ice Prince

Ah ah ah
Ah ah ah
Ah ah ah

I really like the way you kill it oh yeah (oh yeah)
I really like the way you move it oh yeah (oh yeah)
There's something bout the way you do it oh yeah (oh yeah)
Girl you the only one I want

I been so focused my eyes stuck on you
Infatuated by all of your moves
If you come dance with me before you go
Baby you already know

Ama make you see that I'm the only one you need
Put your arms around and let me give you all of me
Dutty whine me can you hear me lift and take it low
Come here come here I got something I think you should know

I been looking at youuuuu (you-you, you-you-you)
I been looking at youuuuu (you-you, you-you-you)

Turn up the music let me feel your body (body)
I want you once before we leave this party (party)
They cannot tell us, don't care what they all say (oh yeah)
You do it better than them

I been so focused my eyes stuck on you
Infatuated by all of your moves
If you come dance with me before you go
Baby you already know

Ama make you see that I'm the only one you need
Put your arms around and let me give you all of me
Dutty whine me can you hear me lift and take it low
Come here come here I got something I think you should know

I been looking at you(you-you, you-you-you)
I been looking at you(you-you, you-you-you)

Put some on me, all on me (yeah yeah yeah)
Do some for me, yeah for me (yeah yeah yeah)
Put some on me, all on me (yeah yeah yeah)
Do some for me, yeah for me (yeah yeah yeah)

Work it for me, take it low for me
Whine it for me, yeah for me
Work it for me, take it low for me
Whine it for me, yeah for me

(And ama make you see that)
Your body clapping, your body trigger, your body banging
And I can hear you your body speaking that body language
I love your accent and actually not an accident
Ama throw you some stacks and girl let you know that I'm African
I regain a confident that's the way I was brought up
And when them nias acting dumb I just tell them to shut up

Easy, I bet you heard about the nias from the west side
We showed up on the scene and so I run it out and rest guy
My city shawty we no pay tithe (never)
We making all the money and the pocket stay fat (boom-ayah)
Tell bad mind say me nah play dat
Tell tha DJ I wanna play back

Ama make you see that I'm the only one you need
Put your arms around and let me give you all of me
Dutty whine me can you hear me lift and take it low
Come here come here I got something I think you should know

I been looking at you (you-you, you-you-you)
I been looking at you (you-you, you-you-you)

I been so focused my eyes stuck on you
Infatuated by all of your moves
If you come dance with me before you go
