Everyday I pray to God to bring my bread  
This days man I nor fit ping my baby

Never ever seen a nigga fly like this  
Shebi na my cd dem dey buy like this

Come dey be like rita dominic reply my tweets  
Choc boy nigga wey dey run my town

Bad belle people wan dey treat my case  
All o' them dirty nor fit clean my lace  
If I tell you say na cata dey clean my face  
Go do like say na kaka begin my craze  
Now I'm in my league and I dey pick my race  
Bad mind killer wanna lick my place  
Say because I get gucci between my waist  
Badman dem ah try to dirty my face

See I pray like a mountain  
Since I sing  
They wan fall my hand, but the table turn around  
Come and know your house and surely come  
Around

See every other season I grow like corn  
And whenever you see me don't call me icon  
Cause I'm on a mission to be better than one  
I'm just thinking out loud Ice Prince there's a mic  
On  
He's a miracle working God  
It will take another miracle to stop me Lord  
I define myself now redefining every nation  
Why the people still dey find the first me  
Definition  
I was put on that, to counteract the devils
