

# Rain Drops

Ice Prince

[Chorus]

Even when the rain don't drop in my hood  
I still got a smile cause I know its all good  
We gon' get it like eh eh eh eh eh [x2]  
Even when the rain don't drop in my hood  
I still got a smile cause I know its all good  
We gon' get it like eh eh eh eh eh [x2]

[Verse 1]

Even when we're broke we know its alright  
Ima still be in the club, Ima party all night  
Ima still be with the boys talking about the last night  
Ima still be catching fun with the girls on, skype  
But I'm trying to get it right homie  
I'm just trying to see the sun at the end of the night homie  
Its all cheese and I'm tryna get a bite homie  
I'm in the studio recording all night homie  
Yeah, see life swings like a pendulum  
They said life's a bitch, I found a friend in them  
And when the rules go straight I try bending em  
I'm only tryna ball homie, Ferdinand  
So get your Femi Kuti on, blow your own trumpet  
Cause nobody does it better with your own concept  
I feel cool and I'm watching the snow blow  
See life's going fast and I'm making my slow month

[Chorus]

[Verse 2]

They told me I can be the best if I work hard  
And now I'm doing shows from Lagos to Johannesburg  
Some times life go show like a hold up  
I'm an example to the man home with no job  
See you can be whoever  
And you can be whatever  
If I can get here, then you can do it better

I never say never  
And I believe the weather  
So if you act cool, Ima put on my sweater  
You need more advice  
Homie send me a letter, or maybe email  
We can do this together  
How I'm I making chedda  
I'm shooting my bureta  
If you got wings homie, I can lend you my feather  
I know its really hard, sometimes its like a fight  
But if you're winning from the heart then I salute your type  
See you're a star, never let hay pollute your hype  
Its all about you homie  
The fruit is ripe

[Chorus]

[Verse 3]

See life's like a photo nigga you gotta get your photo  
You ain't got to drive nigga you gotta get your motto  
Put yourself high, never see you on a low though  
Get your sun, nigga show the world your logo

Yeah, homie you're all by yourself  
So never let your life turn waste like a belt  
The haters tryna block but you  
You can make your laws  
You can go from the patient to the one that got help  
Bless
