

Reconsider

Ice Prince

Gwan pon it
Gwan pon the tune
Gwan gwan, pon the tune
Gwan pon it
Gwan pon it
Gwan pon it the ting

She's got a body, that's a killer
Dope like coke, who her dealer
Looking like snack, ate like dinner
That booty like woah, have you seen her?
I'll never, leave your side like a smoke to a flame, oh yeah
You hot, while these other girls lame, oh nah (na na)
You different don't you ever ever change (na na na)

She make a nigga reconsider
Close that tinder
Tap that insta, rise up like beanstalk
Always on time
Whine waist like its tick tock
Always pick up, never late, never switched off
Never switched up on me
Even when a nigga was down
Shit my baby got love for me, its all for me
Hi, my name is Bills
I'm an addict and my baby is the drug for me
And that's enough for me

The way you are gwan pon the tune make me reconsider
Beautiful woman, tell me have you seen her
The way you are gwan pon the tune make me reconsider, yea
Beautiful woman, tell me have you seen her

She said she wanted Henny, so I brought it with the ice (Ice Prince Zamani)
A likkle bit of weed and she let me hit it twice
She see me pull up in a Benz in the middle of the night
Range rover by day, now she wanna be my wife

Me tell her say
Bad man unavailable
I can play whatever but I'll never play a fool
Look into my eye
Tell me what it do
You tryna be the boo, so I can put it on to you but

I don't wanna hurt nobody
I just wanna see you bend over
Mama you deserve that body but
I don't wanna fight, no ten soldiers

The way you are gwan pon the tune make me reconsider, yea
Beautiful woman, tell me have you seen her, yea
The way you are gwan pon the tune make me reconsider, yea
Beautiful woman, tell me have you seen her, yea

The way you are gwan pon the tune make me reconsider, yea
Beautiful woman, tell me have you seen her, yea

The way you are gwan pon the tune make me reconsider, yea
Beautiful woman, tell me have you seen her, yea!

Uhn... back it up on me, baby ee
Back it up on me
Slow slow slow slow
Back it up on me, baby e
Back it up on me
Oh na na na
Oh ya ya ya ya
Make a nigga, yeah
Make me reconsider (ay ay ay ay)...
