

These days, I've been smoking more trees
These days, I've been watching TV
These days, I've been living lowkey
Smoke lonely
Baby
Tell me where you go with my Mercedes
Link up another nigga maybe
Got a dog barking like rabbies (woof, woof)
How can I relate this?
And I know that you on my side
Every morning and day and night
On a high speed, we no see no red light
Champagne for you on a dead night

Wanna cruise in your city inna gle
