I'm selective with who I get with
Gyal on my phone tryna see who I slept with
She investigating, detective
Lucky for me, I deleted the message
All along, it was me and a bad bitch
But I told her it was me and my bredrin
By the end of this verse, I'll be done
I guess we gon' see in like sixteen seconds
If I went court for all of the times I got caught, I'd have about sixteen fe
lons
I keep comin' with stupid excuses like, "I was juiced and tripped and fell i
n"
I might take the risk DMin'
But I don't know 'cause these chicks be tellin'
At the minute, I'm hittin' some risky women
I clearly ain't learn my lesson
