People, it's time for the Ice crush So listen to my words I bring much Sense, as I commence, my lirycs intense Get telephoto, break out your big lens Look, check out the sales charts My record's kickin', I'm breakin' P.D.'s hearts They banned me from their shows Because they said I'm too hard But no sell-out, I guess I'm just barred I ain't changin' mine for no body They bleeped words from Doug's LA-DE-DA-DE I can't get a bleep? What's the deal? Maybe my words are just too real It's not profanity, it's just the man and me He doesn't want you to see what I see Doesn't want you to be what you can be Word, censorship of reality

Radio suckers never play me (3x)

Suckers don't, but some do The real troopers bring the ICE to you And close friends to me, yea, PUBLIC ENEMY These stations have high intellect They don't pretend to be, too bourgeois to rock a jam raw Understand what I'm sayin', they're down by law They play the jams that are right, sometimes not polite They realize you gotta get some people uptight Speak the word, your voice will definitely be heard Lie to yourself, you're destined to be to the curb Some stations don't care, they'll never put on the air Nothin' but commercial junk, their brain power's impaired They don't listen or try to hear what I write Maybe just think once, or try some school at night They're makin' radio wack, people have to escape But even if I'm banned, I'll sell a million tapes

Radio suckers never play me (3x)

I made records for music, not for the money
To some of you that might sound funny
But I ain't broke, and I don't joke
And my lirics are known to make ears smoke
Clear as a gun scope, I speak the pure dope
Can the radio handle the truth?...Nope
Uncut, no edits, no censors
You can get a plastic rapper from any ol'dispenser
A penny a yard, to make a record ain't hard
But to make it mean something, that's a job
But then we do it, they refuse it
So I tell them duck suckers to cold go screw it
We shouldn't sell out, we should just yell out
And get them wack motherfuckers the hell out

Radio suckers never play me

Cruisin' down the street what do I see? Crash Task Force, L.A.P.D. Gangs illin', wildin' and killin' Hustlers on a roll, like they got a million Girls on the strap and you know that You know the guys will stop wildin' if you stop that crap But you can't, you want money so bad You'll jock anything with the Gucci tag You gotta have it, so the men go get it Robbin' and stealin', soon to regret it Livin' in a jail cell, feelin' like a dumbbell While you jump the next jock, well That's reality, that's what I see Nobody says that you have to agree Censorship that ain't the way to be I thought you said this country was free?

Tone it down,...Is what they say to me
The FCC will not allow profanity
Your subject matter's too hard, make a love song
You better get real, come on
I ain't no lover, I'm a fighter
Hard core radical rap rhyme writer
Pushin' the botton, E does the cuttin'
Everything I say amounts to something
More than a single rap, I'm too deep for that
I lay my lirics with logic, press the wax
Play it on your tape deck, feel the effect
If you can't take the heat, eject
But I know you can, 'cause you're an ICE-T fan
No sell-outs here, my man
