

# Take It All

Iceage

While there was an air of a paradigm shift  
And men were dying for the death of the west  
Oh yeah  
And the last thing I ever wanted to see was these brand new sparkles  
Coming from your ever loving God damned eyes  
Yeah

If you want it  
You can have it  
If you want to reap me  
Take it all away

And everyone's a criminal  
Everyone's a criminal, every single last one of you is a criminal  
'Cause the world is a crime  
Yeah  
You stood there as some small and frail deity in front of me  
Shining like the fall sun, making lucent patterns in our room through the windows  
Yeah

If should want it  
Go ahead and take it  
If you wanna reap me  
Take it all away

Take it all away from me  
Take it all away from me  
Not an asset I possess measures up in merit next to this  
Take it all away from me  
From me  
From me  
From me
