

Crazy

Icehouse

I've got a pocket
Full of holes
Head in the clouds
The king of fools
You've got a ribbon of rainbows
The sun in your eyes
Burning through
Could be I'm happy and sad
Could be I'm losing my head
Over you

Well, you've gotta be crazy, baby
To want a guy like me
Yeah, you've gotta be out of your mind
Crazy

So if I'm dreaming
Don't wake me tonight
If this is all wrong
I don't want it right
'Cause you're the one sure thing
When I get lost in the game
Once again
Hey, I'm a lucky guy
Without a reason and I
Don't understand

Well, you've gotta be crazy, baby
To want a guy like me
Yeah, you've gotta be out of your mind
Crazy

Well, there must be some kind of mistake
To give your heart away
Yeah, you've gotta be out of your mind
Crazy

I've got a pocket
Full of holes
Head in the clouds
The king of fools
You've got a ribbon of rainbows
The sun in your eyes
Burning through
Could be I'm happy and sad
Could be I'm losing my head
Over you

Well, you've gotta be crazy, baby
To want a guy like me
Yeah, you've gotta be out of your mind
Crazy

Well, there must be some kind of mistake
To give your heart away
Yeah, you've gotta be out of your mind
Crazy

Well, you've gotta be crazy, baby
To want a guy like me
Yeah, you've gotta be out of your mind
Crazy

Well, there must be some kind of mistake
To give your heart away
Yeah, you've gotta be out of your mind
Crazy

Well you've gotta be crazy baby
To want a guy like me
Yeah, you've gotta be crazy, baby...
