

Jesus Disciple

IceJJFish

Put down that weed
And pick up a Bible
The devil is not your friend, he is your rival
Let me tell you how it is to be Jesus disciple
Let me show how it is to be Jesus disciple
Give up your idol, there's no point to be tied to
The world is deceiving but the word, it will enlighten you
Let me tell you how it is to be Jesus disciple
Let me show you it is to be Jesus disciple
Humble yourself
There's no reason to be prideful
You cannot go and save yourself even if you tried to
Let me tell you how it is to be Jesus disciple
Let me show you how it is to be Jesus disciple

If you had forgot
Let me remind you
You got to put God first, or your life will go in a spiral
God wants you to glow in His image but your sin wants to hide you
Jesus yes, He is the truth and that's undeniable
Muhammad didn't go die for you, but Jesus went and died for you
Don't let this world go lie to you, He wants to live inside of you
Yes God, He is that powerful. Yes God He is all knowledgeable
Yes God he has a calling for you, what He did was so honorable

If you was to gain the world today, how is that profitable?
Just for you to lose your soul today, that would be so awful
Just because your motives is against God, that is unlawful
This is the reason why I go out and preach the gospel

It's time to deny yourself and go pick up your cross
Because without Him I promise the battle is already lost
You don't have much of a choice
It's either Him or your lost
So you better count the cost
Boy you better count the cost

Is the world worth being separated forever from your creator?
The devil he don't like you and yes he is your biggest hater
He wants you in hell forever, so you better be thinking clever
And hold onto that lever, only God provides that lever
He just wants a relationship with you so you can be friends forever That love is worth more than anything even buried treasure
Because His love lasts forever, and It's worth more than the worlds pleasure
God's promise is called heaven
He came to bring freedom from all sin, even that depression
Jesus didn't come to earth to condemn, but so we would learn our lesson
His blood was such a blessin', so there's no reason to be stressin'
Just put your trust in His presence
There's no reason to be stressin'
Just put your trust in His presence

Put down that weed
And pick up a Bible
The devil is not your friend, he is your rival
Let me tell you how it is to be Jesus disciple
Let me show how it is to be Jesus disciple

Give up your idol, there's no point to be tied to
The world is deceiving but the word, it will enlighten you
Let me tell you how it is to be Jesus disciple
Let me show you it is to be Jesus disciple
Humble yourself
There's no reason to be prideful
