Girl, you're such a fatal attraction
Lights, camera, action!
I really want you to be the one to see me
I just love the way you look in that bikini!
Yeah, I'm a real nigga so you can see me
You know I can get what I want, take it easy
Don't fuck with them other niggas they to sleepy
I just want to be the to make you feel so breezy
I just said girl are you about to prop it
Actually, you look like a couple thousand

Yeah its all good you picked me up from the ground and

I'm telling you this with a desire
I didn't wanna show you what love's about
I don't want you later, I want you now
