

Where U Going

IceJFFish

Baby girl, just tell me where you going
Oh yeah, yeah yeah
Baby girl, just tell me where you going
So, I can go and take you where you going
Baby girl, just tell me where you—
Oh yeah

Where you going?
Baby girl, just tell me, where you going?
So, I can go and take you where you going
Baby girl, just tell me, where you going?
Oh yeah, where you going?
Baby girl, just tell me, where you going?
So, I can go and take you where you going
Baby girl just tell me where you—
So, I can go and take you

Baby girl, just tell me the truth
Girl, I'm only into you

Ooh, yeah yeah

Baby, I know you like that, you're scratchin' my back
Enjoy this riding, your bodies moving islands
That's why I be wildin'
Don't you dare act childish
Nothing stop us when we vibin'

I just wanna spend my time and money with you
You're the only one I wanna couple
Baby let me be there just for you
You're the only one I'd rather [?]
I'm always just looking for you
Baby, all these feelings saying are true
I just wanna spend my life with you, life with you

Baby, where you going?
Baby girl, just tell me, where you going?
So, I can go and take you where you going
Baby girl, just tell me, where you going?
Oh yeah, where you going?
Baby girl, just tell me, where you going?
So, I can go and take you where you going
Baby girl, just tell me where you—
So, I can go and take you

Ooh ooh, oh oh oh oh oh oh
Yeah yeah
