

# Come Outside

Icewear Vezzo

Pull up Hellcat or black truck  
Couldn't make my mind up  
Nigga pulled up on the scene it's like  
I couldn't tell you what I pulled in, right  
I can tell you how I pulled up

Chain swinging pants sagging nigga  
Pistol poking it out  
Butterfly doors when I open the car  
I was with smoke bursting out  
I got some pints from the pint God  
Whole time thinking he how he Cairo'd out  
Putting a nigga my age beside me  
Let's see who pop it harder  
Got my game from pimps let's see who knock 'em harder  
You say the biggest gangsta I don't wanna hear it  
I can show you how to make a hundred in a week  
Come get near me  
He ain't died about this shit come from near me  
Every nigga ready to shhh if they here me

Come outside, don't come outside  
Don't come outside  
Them niggas dying

Don't give a fuck how niggas coming  
We gone stand on it  
Bust  
Walk  
Five hundred racks  
Drop some dog shit on your top  
These niggas pay small  
Fetty Wap this a lil pure  
Got niggas  
Taking a nigga chain while he performing  
Do a show with it  
I've been ch  
Hate a pussy that be telling  
I hate petty hoes

Come outside, don't come outside  
Don't come outside  
Them niggas dying
