Pray for my dawg, mmh, 'cause I know he gon' ride for me, yeah
Ooh, and when you look up in the sky, it got stars in it (Yeah)
And you can't tell me how to spend it (Yeah), I work hard for it (Work hard)
My relationship with God got me richer than my pastors (Pastors)
Niggas be bringin' up the past like that shit is gonna pay the bills (Pay the bills, nah, it ain't)
Said I'm gon' feed my whole team, we ain't goin' on no fast this year
You wouldn't believe it (Yeah)
Been doin' it for my people (For my dawgs, yeah, yeah)
Nah, we ain't equal
Nah, we ain't equal (Ayy)

Got it on my own, ain't have to wait for nothin', ayy
This what it feel like when you came from nothin'
I was made for all this shit from all the pain and sufferin'
In another class of hustlin', nigga, change the subject
Tryna please all of my people, that's my only problem
Same niggas left me at the table, I was hungry, starvin'
All it took me was some patience, started to slowly progress
And I pray for God to make a way, so I'ma go regardless
Spent a lot of lonely nights when I was sittin' in jail
Almost cried a thousand nights when I was in my cell
I accept who I am, either win or fail
I'm prepared to get it or die tryin', hope you wish me well, uh, yeah

Pray for my dawg, mmh, 'cause I know he gon' ride for me, yeah

My only loss is being loyal to the wrong niggas
Get support from everybody 'cept my own niggas
Everybody rootin' for you 'til you on, winnin'
If they don't wanna see you up, then them the wrong niggas
How the fuck I look like shinin', I got niggas hurtin'?
I got homies doin' time and niggas in the dirt
Ain't no point of standin' 'round if you ain't finna work
Always kept our eyes on the prize, niggas been alert
My nigga Jetto got indicted on a state charge
Went to sentence by himself, I had to pray for him
I told him when home, he good, I'ma wait for him
Never let this fed system break us, we was made for it, ugh, yeah

Pray for my dawg, mmh (Real shit, nigga), 'cause I know he gon' ride for me, yeah (You know I'ma ride for mine)
