

# On My Own

Icewear Vezzo

(Primo Beats big [?])

Big Ice man

(Primo Beats on the track)

Rich off Pints

Richest nigga in this shit, on God

I ain't never had no handout

Dog shit

What, ten toes

Yeah

Zip of ice, I put it in the fender

Rollie bustin', this bitch icy like we in the winter, yeah

Fuck them niggas, put shit in the blender

Dog money, been knew I would be the shit, I just was manifestin'

Gotta pull my nigga up, we just be thuggin' different

Cash my own new Maybach out, I ain't them other niggas

Water drippin' off my neck and left a puddle with it

Count a million dollars in my sleep, I like to snuggle with it

Yeah, I got rid of all them leeches, had to cut 'em off

Soon as you show niggas your hand, they try to cut 'em off

Them Forgiatos look retarded on that double R

Big stepper, flex around this bitch like I'm above the law

You know friends ain't really friends, just some cool niggas

It ain't about how much you got, it's what you do with it

Don't ever trust 'em with no pay, them niggas move iffy

Took some penitentiary chances for this new Richie

I been grindin' on my own, nigga, yeah

I been shinin' on my own, nigga, huh

Shoot that chopper on my own, nigga, yeah

Don't fuck with me 'cause I'm the wrong nigga

I been grindin' on my own, nigga, yeah

I been shinin' on my own, nigga, huh

Shoot that chopper on my own, nigga, yeah

Don't fuck with me 'cause I'm the wrong nigga

Fuck a plan, I got it off the dog

Before I had a watch, a rubber band was on my arm, nigga

When they was on, we was always off

Money to burn, shit I had to wait my turn like I'm on a call

Soon as my back against the wall, I see who really go

Better turn yo' savage up and let them feelings go

I made a M 'fore I was in the door

Sick, they gave my nigga twenty for some pills, we was in the O

Won't let 'em play me like no ho, I put that on my life

They tried to turn ears against him, but he know what's right

When you family and it's love, we gon' always fight

But it'll never go too far, brodie know we tight

I really take care of my brothers, that's my main flex

Bought a AP and a Rollie with the same check

You know the money bring the problems, this what fame get

Gotta speak me with the ledgers in the same breath

I been grindin' on my own, nigga, yeah

I been shinin' on my own, nigga, huh

Shoot that chopper on my own, nigga, yeah

Don't fuck with me 'cause I'm the wrong nigga

I been grindin' on my own, nigga, yeah  
I been shinin' on my own, nigga, huh  
Shoot that chopper on my own, nigga, yeah  
Don't fuck with me 'cause I'm the wrong nigga
