I was surprised, our eyes met
I felt it, I got it, this feeling I don't hate
Don't look back look here

Something is different
The sound of my heart lingers in my ears
Run it towards you, run it, I excel
A feeling without words
The eyes that look at me make my heart flutter like this

Alarm in my head
Ringing more
Ring, ring, ring
My heart was taken away
Alarm in my heart
All burnt hearts
Ring, ring, ring
My heart is hot, I can't deny you
Ring my, ring the alarm

Alert-lert-lert

Toward the goal, trigger, go hard, hard, hard
I'm going to steal it I'm a chaser, go wild, wild, wild
No pushing and pulling, the obvious answer is right, boy, tell me
Clearly show your heart
