

Intro

ICHILLIN'

The past
It lasts
The way
We walked
No regrets
As if remains
It's the intro
See through the veils
The past
It lasts
The way
We walked
No regrets
As if remains
It's the intro
You will get to hear
3 years, have been spent
It's just beginning
Era of the time
It's for the change
Gotta be "OFFicIAL"
I C, ICHILLIN'
Might be, might be your way
Guiding, your guidance
Try me, find me
Nowhere we stepping back
It's a new era
New veil we taking off
Lashes check mascara
We be back again, shouting once a day Pre as we, bring over change
New veil we taking off
It's a new era
Runnin for the deals, hunnit for the meals
Looking at me, did I make y'all shook?
Every time you blur, I'm Captain Hook
If you don't know, just take a look
We got that glam, head to toe
They say oh damn, let me know
Igeon amuna mothae
The past
