

Nights Like This

Icona Pop

High on every sound, all the lights are down
With nothing to say on mind, I wanna stop the time.
And nights like this we own,
And you will never be alone
Me and my friends growin' tall
We make big cities small
Yeah, we make big cities small!
And we leave no one behind!

Come and stay in this minute now!
We gonna flip this place back upside down, oh oh oh
Nights like this, you will never be alone!
Never gonna let it go
Tomorrow we will die to press rewind, oh oh oh
Nights like this, you will never be alone!
You will never be alone!

If I start to slip, I just let go, lose the grip
Yeah, you feel so right, I wanna stop the time!
So let's catch this moment in a blurry picture
Me and my friends turn walls
Nights like this they fall

You know what we're made of
And this ain't no dream

Come and stay in this minute now!
We gonna flip this place back upside down, oh oh oh
Nights like this, you will never be alone!
Never gonna let it go
Tomorrow we will die to press rewind, oh oh oh
Cause nights like this, you will never be alone!
You will never be alone!

And we're gonna leave no one behind, oh oh oh

Oh we will know changes in the dark
That we can disguise
Changes in the dark
That we can disguise

Nights like this, you will never be alone, oh oh oh
