

Naked bodies everywhere
I'm ok, you can stare
You and me, forever young
With this facial made of
Oh

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna
I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

Put some cucs on my eyes
Tell me is this paradise?
Slap my body with a birch
In the morning we go to church
Oh

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna

I'm done with the club
Just take me to the spa
'Cause I wanna feel the sweat
From the steam room and the sauna
