

Time

Ida Corr

Calling you home one more time
Hours gone by with your lying
Said you were right on your way
Not gonna be late today

Seems like you don't give a damn - oh
Standing me up 'cause you can - so
Knowing I'm sticking around through the wait
Holding me on with your love as your bait

(Let's dance)
Be there on time
I'm yours all night
(Let's dance)
Don't be afraid
But please don't be late

I'm gonna be leaving in five
Won't be a fool tonight
Can't believe a word that you say
You're gonna be late anyway

I've had enough of your e-go
Counting as one thought we are - two
Begging forgiveness and thousands of kisses
Will not work out this time

(Let's dance)
Be there on time
I'm yours all night
(Let's dance)
Don't be afraid
But please don't be late

I am so tired
Of waiting for your love

How come it's always been me
who's fighting for us to succeed
Becoming one big compromise
Wanting for us to survive

But now times are chang-ing
Look at my phone it ain't ring-ing
I know you're not coming
And this time I'm leaving before you can answer the phone

(Let's dance)
Be there on time
I'm yours all night
(Let's dance)
Don't be afraid
But please don't be late

(Let's dance)
Be there on time
I'm yours all night

(Let's dance)
Don't be afraid
But please don't be late
