

Celebration

Ida Maria

You turn me on on my birthday
You turn me on on my holiday
You turn me on on a Monday
And then we go until Sunday
And then we go until Sunday

I think you might have misunderstood
I'm gonna show you something good
We're gonna wake up the neighborhood
We're gonna wake up the neighborhood
We're gonna wake up the neighborhood

I want you to take me on road trips
I want you to take me on road trips
I want you to take me on camping
I think this will be a good trip
I think this will be a good trip

I think you might have misunderstood
I'm gonna show you something good
We're gonna wake up the neighborhood
We're gonna wake up the neighborhood
We're gonna wake up the neighborhood

Fuck you

It is not hallucination
We are in fact on vacation
I see you might have a problem
That needs some examination
It's good to get rid of frustration
This calls for a celebration
This calls for a celebration
This calls for a celebration
This calls for a celebration
