

# Brown Sugar

IDER

'Member when you made me feel less?  
I'd be feeling kind of anxious every time I'd undress, but I  
I don't really worry 'bout it now  
I don't really wanna worry about it now that I  
Feel you feeding me, keeping it right  
Now you love me better than ever  
And I'm filling you with light, so I  
I don't really worry 'bout it now  
I don't really wanna have to worry 'bout it now

Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy-ayy-ayy-ayy

I put myself right at the top of your plate  
I knew I'd be something you'd wanna taste  
Don't need to indicate a play if I could feel it, like I feel it  
My baby lately gave me real peace  
Put your love on me, I'll take you on my team  
Don't need to complicate it, say it how I mean it, how I mean it

I can't believe what you meant to me now  
We've been feeling so connected, wanna say it out loud  
And I wanna leave brown sugar in my mouth  
Do we really need to know what we're about?  
Yeah, we're running around on the sky side of the clouds  
Gotta chase me a little bit, baiting me, wanna fetch me down here  
I'm so deep I'm swimming in your soul  
Flash back, year '03, if only I could see me now

Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Ayy-ayy-ayy-ayy

Hold me right up, watch me light up  
Love the sight of us when you and I laugh  
Sugar on my tongue, you put the air in my lungs  
You make my blood sweet in the morning with my buttons undone  
Take me higher, love me wider  
Sweet saliva and I just wanna lie  
I'm not shy, yeah, I don't need to try, yeah  
In your fire and I think that I could die

Ayy, ayy, ayy-ayy  
I think that I could die  
Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Yeah, I think that I could die  
Ayy, ayy, ayy-ayy  
Yeah, I think that I could die  
Ayy, ayy, ayy-ayy

Ayy-ayy-ayy-ayy  
Ayy, ayy, ayy-ayy

Hold me right up, watch me light up  
Ayy, ayy, ayy-ayy  
Ayy-ayy-ayy-ayy  
Sugar on my tongue, you put the air in my lungs  
Ayy-ayy-ayy-ayy  
In the morning with my buttons undone  
Ayy-ayy-ayy-ayy  
Ayy-ayy-ayy-ayy  
Take me higher, love me wider, love me wider  
Ayy-ayy-ayy-ayy  
I'm not shy, I don't need to try, I'm  
Ayy-ayy-ayy-ayy  
In your fire and I think that I could die
