

Sorry

IDER

My love, where have we gone?
Am I really worth it? Am I really gold?
My love, all of this space
I left the window open, so I can call your name

I'm sorry, sorry that you wanted more
I'm sorry that you didn't get what you came here for
I'm sorry, sorry that you wanted more
I'm sorry that you didn't get what you came here for

My love, don't stay
Don't you keep me with you, just to keep your place
My love, don't stay
You love me far too tightly, but you'll let go some day

I'm sorry, sorry that you wanted more
I'm sorry that I couldn't feel what you fighting for
I'm sorry, that you gave it all
I'm sorry that the better you give the harder you fall

All my skin, I'm wrapped in
All I need
All my skin, I'm wrapped in
All I need
All my skin, I'm wrapped in
All I need
All my skin, I'm wrapped in
All I need, all I need
All my skin, I'm wrapped in
All I need, all I need
All my skin, I'm wrapped in
All I need
All my skin, I'm wrapped in
All I need
All my skin, I'm wrapped in
All I need
