

A Tree Of Life

Idina Menzel

Hmmm-mmm-mmm-mmm-mmm
Mmm-mmm-mmm-mmm-mmm
Mmm, mmm-mmm, mmm-mmm-mmm
Mmm, hmm-mmm, mmm-mmm

Hold my hand, I won't let go
This sacred house now echoes
But it's still our home
The light and dark, the glass and slate
With every sun that rises
The shadows fade

Search deep inside and you'll find
The hope remains
There's peace that lies beyond the pain

Place a stone beside their names
No soon forgotten
The tears we cried are staying the same
We all are human
No matter your prayer
There's life for us to share
I'll hold you tight
Beneath the tree of life

Rest your head upon my shoulder
The leaves that give us shelter
We grow strong together
The earth might shake, the winds may blow
But these deep roots will
Keep us standing tall
So just hold on

We'll walk back through those doors
And we'll begin
To fill our home with joy, and again

So raise a candle in their names
'Cause we're not broken
Heavy hearts all beat the same
We all are human
No matter your prayer
There's life for us to share
I'll hold you tight
Beneath the tree of li-i-i-i-ife

Oh, oh-oh, oh, oh
Oh, oh, oh, oh-oh-oh
Oh, oh-oh, oh
Oh, oh-oh-oh-oh-oh-oh
Oh, oh-oh-oh-oh, oh-oh
Oh, oh-oh, oh-oh-oh
Hmm, mmm-mmm, mmm, mmm
