

Beast

Idina Menzel

I can be wild, I can be sexy too
Are we on trial? 'Cause I'm not judging you
I wanna thank you for setting me loose (Yeah, yeah)
Never liked me wild, did you?

'Cause you left me at the lowest I've ever been
Had to claw my way back out again

But I've woken up the beast in me
And I'm stronger than you'll ever be
So look at me (Come on now), come on now
Look at me, I'm a beast, baby

You never made it easy to stand by you
Could never be sweet enough to prove
That when we fought I was fightin' for you (Ooh)
Never made it easy, did you?

But I got my nails done, the pointy kind
And you're just about the last thing on my mind

'Cause I've woken up the beast in me
And I'm stronger than you'll ever be
So look at me (Come on now), come on now
Look at me, I'm a beast, baby

So look at me, come on now
Look at me (I'm a beast, baby)

Got a beast inside and I'm waking it up
Got a beast inside and I'm waking it up (Oh, oh)
I got a beast inside and I'm waking it up
Got a beast inside and I'm waking it up (Waking it up)
Oh, oh-oh (Beast)
Oh, oh-oh (Beast)
So look at me (Look at me), come on now
Look at me, I'm a beast, baby
