

# Make Me Hate Me

Idina Menzel

I'm not a mountain  
You can make me feel small  
I'm not a castle  
You can hammer these walls

You can let your words cut like a knife  
If you want to, if you want to  
You can make yourself out to be right  
If you want to, if you want to  
Might even dim a little of my light  
If you want to, if you want to  
But I can't be erased

You can make me out to be a sadistic drama queen  
But you can't make me hate me (No you can't, no you can't, no you can't, no)  
You can shit talk all you please  
Make a villain out of me  
But you can't make me hate me (No you can't, no you can't, no you can't, no)  
So throw your sticks, baby, throw your stones  
Won't break my heart if you break my bones  
Blame me on repeat  
Boy whatever helps you sleep  
But you can't make me hate me (You can't make me, you can't make me)

I'm only human  
Can't promise that I won't cry  
But from these ashes  
Boy I can promise I'll rise

You can let your words cut like a knife  
If you want to, I tell you  
You can make yourself out to be right  
If you want to, it's your move  
Might even dim a little of my light  
If you want to, if you want to  
It's not more than I can take

You can make me out to be a sadistic drama queen  
But you can't make me hate me (No you can't, no you can't, no you can't, no)  
You can shit talk all you please  
Make a villain out of me  
But you can't make me hate me (No you can't, no you can't, no you can't, no)  
So throw your sticks, baby, throw your stones  
Won't break my heart if you break my bones  
Blame me on repeat  
Boy whatever helps you sleep  
But you can't make me hate me (You can't make me, you can't make me)

You tried to knock me down  
You tried to count me out (You can't make me, you can't make me)  
Boy look at me now  
I'm still standing

You can make me out to be a sadistic drama queen  
But you can't make me hate me (No you can't, no you can't, no you can't, no)  
You can shit talk all you please  
Make a villain out of me

But you can't make me hate me (No you can't, no you can't, no you can't, no)  
So throw your sticks, baby, throw your stones  
Won't break my heart if you break my bones  
Blame me on repeat  
Boy whatever helps you sleep  
But you can't make me hate me (You can't make me, you can't make me)

(Oh)  
You can't make me hate me  
You can't make me hate me  
You can't make me hate me (Oh, no)  
No you can't, no you can't, no you can't, no  
You can't make me hate me  
You can't make me hate me  
You can't make me hate me (oh, no)  
No you can't, no you can't, no you can't, no
