

# Move

Idina Menzel

You better move for me

Spotlight on you and shadows on me  
They roll the carpet out  
You walk on air, I'm sick of this scene  
Ready to burn it down

So tonight it's my turn  
Yeah, I'm taking center stage  
'Cause tonight I'll come first  
If you're standing in my way

You better move for me  
I-I-I'm so high  
Making room for me  
I-I-I'm on fire  
Damn, they can stop and stare  
Damn, baby, I don't care  
Move for me  
You better move for me, move for me

Stop, it's my moment  
Spotlight on me  
Shine like a disco ball  
Four on the floor, I'm feeling this beat  
Baby, I want it all

So tonight it's my turn  
Yeah, I'm taking center stage  
'Cause tonight I'll come first  
If you're standing in my way

You better move for me  
I-I-I'm so high  
Making room for me (Make room)  
I-I-I'm on fire  
Damn, they can stop and stare  
Damn, baby, I don't care  
Move for me  
You better move for me, move for me

Better  
(Move for me, move for me)  
Move, baby  
(Move for me, move for me)  
Move for me  
(Move for me, move for me)  
Let me see you move it  
(Move for me, move for me)  
Yeah

So tonight it's my turn  
Yeah, I'm taking center stage  
'Cause tonight I'll come first  
If you're standing in my way, yeah

You better move for me (Yeah)

I-I-I'm so high  
Making room for me (Make room)  
I-I-I'm on fire  
Damn, they can stop and stare  
Damn, baby, I don't care  
Move for me  
You better move for me, move for me (You better, you better)

You better  
(Move for me, move for me)  
Move, baby  
(Move for me, move for me)  
Move for me  
(Move for me, move for me)  
Whoa, whoa  
(Move for me, move for me)  
Yeah, yeah, yeah, yeah
