

Murderous

Idiot Pilot

It's taking shape
Meant for escape
What's the strangest thing you've ever heard?
Meet me here
The table is laid
It's a simple procedure

Fantasize
Those cameras eyes
Have got me watching
Watching you
Authorize
And televise
You're murderous
And so taboo

Seperate
The feeling of hate
There's no telling what's in your blood
Took a drink
Said all the words
Turns out we're just creatures in the mud

Fantasize
Those cameras eyes
Have got me watching
Watching you
Authorize
And televise
You're murderous
And so taboo
