My life been on a better tip ever since I been selling that pack  
I wonder how much better it would get if I cooked up crack  
I could sell an O of the green in a week and a half  
Imagine if that shit was white, hmmm... let me do the math  
Ima pull up in an Audi when I push that powdee  
Push the button start it up if po po come I'm outty  
If a nigga come up shorty on my re up money

Don't you ever doubt me all my niggas rowdy, all my niggas rowdy  
All my niggas whip that arm and hammer  
All em armed with hammers  
Fuck with me they make you disappear  
Allah Ka Ka Zam ya  
Jugging for my niggas in the jammer  
If I hear you tellin  
Put some money on my nigga book's  
Leave ya body smelling  
Shaq with the free throw I got the bricks  
And if the judge try to bargain I plead the fith  
And if I win I ain't stopping DA I'm sorry  
I'm flipping work till my Audi turn to a rari

Yesterday my homie pulled up in his brand new Honda Accord  
He seen a porche that his credit said he couldn't afford  
What is a dream that you see but you ain't working towards?  
Part of the speech that I have him when I fronted him 4 □  
Kelows of the blow blow, Cut it down  
Cook it up, That will make, ocho triple oh oh  
80 racks bring it back buy his own key I ain't gotta sell shit  
Yea that's the way the game go  
See that's more dough than he started with  
That's enough dough to buy him a new whip  
If he stack up he gon be a new crib

Meanwhile I'm sitting here getting so rich  
God dammit that's the shit  
Got dammit this life, I ain't gotta think twice  
My nigga I'm good, and every time I jugg  
I eat steak with the rice  
Silver spoon for the kids  
A dream wedding for the wife  
The only thing that I risk is that shit looking like  
Neno, New Jack, When the hopped out the van  
With the strap Blap Blap  
I keep saying Ima stop someday  
Girlfriend saying Ima get caught one day  
I can stop till I get what I want okay  
Only problem is my wants never go away  
I want more cars, more clothes  
More hoes, and the requires more blow  
And if I stop then is repos, foreclose  
Fuck that I need a mill man so where the coke and the pills at

If you need that coke  
It's right here  
If you need that dope it's right here  
If you need that's weed it's right here
