IDK

There's a colored pilot flying a airplane  
So, he gets on this plane  
You know, there's about seventy-  
five to eighty people on the plane  
He gets on the plane and he jumps up in the cockpit  
He gets onto the intercom and he says, "Ladies and gentlemen"  
He said, "This is the first colored pilot to ever fly the Pan-  
American Airline"  
He says, "Hell," he says, "We gonna fly all over"  
He said, "We gon' fly eighty thousand feet in the air"  
He said, "Hell, we got plenty to eat on the damn plane"  
He says, "Hell, we got black-eyed peas and neck bones"  
He said, "We got chitlins with the instant hog maw sauce  
We got instant collard greens, we got every damn thing  
Hell, we got plenty to drink  
Hell, we got wine, beer, whiskey, gin  
Hell, we gon' smoke some weed, baby  
Hell, we gon' smoke a while, honey and we gon' snort some coke"  
He said, "Hell, we gon' get high as the sky if I ever get this  
mothafucka up off the ground"
