

SUPERNOVA

IDK

(Ye)
(Yaaaaa)

Baby let's explode, like a supernova
Wanna take over your body
Make you react like chemistry (uh)
Girl let's explode, like a supernova
Wanna light up your galaxy
I gotta feel your energy
Girl let's explode
O-o-o-o-o-o-o-o
Baby let's explode
O-o-o-o-o-o-o-o-o-o-o-o

The universe thinking universally
You ain't no earthling
But you be down to earth with me
Ten toes to the ground with my guards down
Living with no fear of someone hurting me
I'm hoping I ain't lose my mind
While my Tiffany ticking at the same time
Toc toc tick tick until it's toxic
But still we got to run it back one more time, yea
Cause I got what you need, yea
Come and make your discovery
And we'll radiate the sky, yaaaaa
Soon as we collide

Baby let's explode, like a supernova
Wanna take over your body
Make you react like chemistry
Girl let's explode, like a supernova
Wanna light up your galaxy
I gotta feel your energy
Girl let's explode
O-o-o-o-o-o-o-o
Baby let's explode
O-o-o-o-o-o-o-o-o-o-o-o

(Girl let's explode yea)
Floating through your galaxy
Sky is turning black you see
Fighting back and forth with gravity
I need your energy
Cause when you and I collide
I feel alive
There's no divide
And no, I can't deny the stars I see
Inside your eyes
Can you be mine
Three dots baby IDK
Three shots take it all away
And I've been tryna find it
I've been tryna find another way
I've been tryna find the words to say
Words to play
To keep your love on display

Cosmic feelings floating through space
Feeling stuck inside your orbit
Ready to explode

Baby let's explode, like a supernova
Wanna take over your body
Make you react like chemistry
Girl let's explode, like a supernova
Wanna light up your galaxy
I gotta feel your energy
Girl let's explode
O-o-o-o-o-o-o-o
Baby let's explode
O-o-o-o-o-o-o-o-o-o-o-o-o

(Baby let's explode)
