

## Trials

IDK

I need a moment of silence for niggas that tried but they could  
n't check me  
Too busy getting a bag  
I'm looking for Saks, I'm riding down Beverly  
Yeah, the gossip ain't messy, the watch is a Presi', the crib i  
s heavenly (Yup)  
And none of these niggas can mess with me  
None of these niggas can mess with me, hmm, yeah

Jubilee were the bezel be  
Looking like I be embezzling, whoa, yeah  
Fucking with me could be messy, my G  
Just consider it heavenly, whoa, yeah  
Niggas be settling, niggas be softer than powder from meddling  
Niggas be talking that shit but they dead to me  
Stealing my style, make your royalties dead to me

I been through many different type of trials  
Niggas be falling off, I hold 'em down  
Soon as I pick 'em up, don't hear a sound  
Carrying niggas, that's too many reps  
Drop 'em back down, whoa

I been through many different type of trials

Detonating, you ain't paying  
Hit a nigga at the peak, Himalayan  
Hit a nigga while he sleep, I'm just sayin'  
Take a nigga seriously, I ain't playing  
And I'll be where the hittas be  
They be aiming, walking through the trenches as if I ain't famo  
us  
We can't entertain it, hit you with the stainless  
That chopper gon' show his place and where his lane is, I'm say  
in'

I been through many different type of trials  
Niggas be falling off, I hold 'em down  
As soon as I pick 'em up, don't hear a sound  
Carrying niggas, that's too many reps  
Drop 'em back down, whoa
