My friend is so depressed  
He wishes he was dead  
I swam inside his head  
And this is what he said

Help me  
Help me  
Won't someone set me free?  
There's no right side of the bed  
With a body like mine and a mind like mine

My friend is so depressed  
She wanted to have sex  
I pissed in the kitchen sink  
As she slowly undressed

No way  
No way  
We never shall decay  
We won't last five fucking minutes  
With a body like mine and a mind like mine

I guess this is as far as she goes  
I guess this is as far as we go  
I guess this is as far as we go  
I guess this is as far

My friend is so depressed  
He wishes he was dead  
I swam inside his head  
And this is what he said

Help me  
Help me  
Won't someone help me sleep?  
There's no right side of the bed  
With a body like mine and a mind like mine

My friend is so depressed  
She wanted to have sex  
I pissed in the kitchen sink  
As she slowly undressed

No way  
No way  
We never shall decay  
We won't last five fucking minutes  
With a body like mine and a mind like mine

I guess this is as far as she goes  
I guess this is as far as we go  
I guess this is as far as we go  
I guess this is as far as we go  
I guess this is as far as we go  
I guess this is as far as we go

Yeah-ee, yeah-ee, yeah-ee, yeah

Yeah-ee, yeah-ee, yeah  
Yeah-ee, yeah-ee, yeah  
Yeah-ee, yeah-ee, yeah

I guess this is as far as we go
