

## Dancer

## IDLES

Hold the phone  
Hip to hip  
Cheek to cheek  
Push me away  
Like I'm Lucifer  
So to speak  
My focus is on  
The cocoa butter  
Running down your neck  
And the sweat  
Feet touch  
Brush hands  
Feather's ache  
We can swing if you prefer  
So to speak  
My breath  
Moves your hair  
In a round  
At a glance  
Like a pirouette  
And the sweat

I give myself to you  
As long as you move  
On the floor

Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dance, oh dance  
D-d-dance

Shoulders back  
Chest out I'm poised  
Like a goddamn ape  
So to speak  
I can taste the mood  
In my mouth  
Like particles of punch drunk love  
And the sweat  
Bold moves ice rink  
Lines cut  
From the moves they make  
So to speak

Somebody tell me where I go  
Like a goddamn homing dove  
And the sweat

I give myself to you  
As long as we move  
On the floor

Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dancers  
Hip to hip  
Dancing  
Cheek to cheek  
Collide us as we work it out  
Dance, oh dance  
D-d-dance

Cut waves  
Make change  
Crop circles in my cage  
Cut waves  
Make change  
Crop circles in my cage  
Cut waves  
Make change  
Crop circles in my cage  
I'm a dancer  
You're a dancer  
Let's dance
