Date night  
Date night

Patience  
I've got no goddamn patience  
But I tried to shake shake shake it up  
But I shook myself to boredom

Best friend  
I do not like your best friend  
And all those shades of grey-ah  
They turn my blood so cold cold cold cold!

When it comes around  
We barely scream or shout  
Or rarely am I there  
And neither of us care

'Cause I I I I I  
Guess we  
Was born  
To fail

I I I I I  
Guess we  
Was born  
To fail

No no no you don't  
Not a-fucking-gain  
With your rhyme and your reason  
And your cause

Shepherd  
You want to be a shepherd  
Well good for you  
Go ahead  
Your life won't be so tepid

But when it comes around  
We barely scream or shout  
And rarely am I there  
And neither of us care

'Cause I I I I I  
Guess we  
Was born  
To fail

I I I I I  
Guess we  
Was born  
To fail

Yak yak heart attack  
Sat in a taxi all clad in black  
Yak yak heart attack

Sat in a taxi all clad in black

I'm from the migrant crew  
I don't live in a menagerie  
I don't give a fuck about me or you

'Cause I'm so cold  
I'm so cold

'Cause I I I I I  
Guess we  
Was born  
To fail

I I I I I  
Guess we  
Was born  
To fail

Yes, no, yes, no, yes, no
