

## IDEA 01

### IDLES

Upside down house to a broken home  
Sister's waving arms not even grown  
There's a rag in a bucket, and your father couldn't pay his loans  
Or something  
Your uncle ran ten streets just to snatch his phone  
Or something  
Your mother swang like your life depended  
It did  
These are the things you lost in the fire  
Or something  
These are the things you lost in the fire

The fire  
The fire  
The fire  
The fire  
The fire
