IDLES

Freudenfreude
Joy on joy
Cheerleader
Happy boy
Strong like bull
Vulnerable
Keep my people up
That's my tool

Freudenfreude
Happy boy
Top seeder
Lucky coi
Heat seeker of a missile smile
Don't let pricks take your inch to a mile

Freudenfreude
Bada bing
She's a freight train, man
Watch her swing
Holy water eyes
Soft skin
Bricks and mortar
Horizon begins
Sunbeams, oh sunbeams like God from your face
Su-sunbeams, oh sunbeams like God from your face

Gold sugar
Hues bright when the salt is purer
Hold tight
Hold me to the bunsen burner
And let the waves crash in
Sunbeams, oh sunbeams like God from your face
Su-sunbeams, oh sunbeams like God from your face

Freudenfreude
Dopamine
Dance with time, my boy
I'm a fiend
Watch the night swing by
Hold the scene
Hold a flame, my boy
I'm a dream

Freudenfreude
Hot like fire
Docile prophet puts a tune to my smile
Send it up like smoke to the sky
Drink my water till the river runs dry

Freudenfreude
Sister's love
Hold the sword so I'm soft to the touch
Hold the phone, hold the clutch, watch me fly
Hold the mirror to my Mother's crying eyes
Sunbeams, oh sunbeams like God from your face
Sunbeams, oh sunbeams like God from your face
