IDLES

If someone talked to you  
The way you do to you  
I'd put their teeth through  
Love yourself  
And that's what they do  
The bastards made you  
Not want to look like you  
So you pay through the nose  
To look like someone else  
All the weirdos on the shelf  
Love yourself  
Love yourself  
Love yourself

I go outside and I feel free  
'Cause I smash mirrors and fuck TV  
I go outside and I feel free  
'Cause I smash mirrors and fuck TV

If someone talked to you  
The way you do to you  
I'd put their teeth through  
Love yourself  
And that's what they do  
The bastards made you  
Not want to look like you  
So you pay through the nose  
To look like someone else  
All the weirdos on the shelf  
Love yourself  
Love yourself  
Love yourself

I go outside and I feel free  
'Cause I smash mirrors and fuck TV  
I go outside and I feel free  
'Cause I smash mirrors and fuck TV

I spoke to God in my dreams last night  
She said I'd go to heaven if my teeth was white  
Medicator, medicator, medicator  
Numb me from these naysayers  
And their crocodile feels  
And their crocodile love  
And their crocodile tears

I go outside and I feel free  
'Cause I smash mirrors and fuck TV  
I go outside and I feel free  
'Cause I smash mirrors and fuck TV  
And the magazines  
Television and magazines  
Television and magazines  
Television and magazines
