## If I Were You

Just hope for a future and prevail this fight  
I have the strength to carry on, but how long must I feel this way?

I've grown so bitter about you  
It was something you always knew  
Can we forget these words?  
Or is it too late?

The past is dead, but I wont bury you  
From now on my life wont ever be the same  
Haunted by visions, this can't be the end of me, no not tonight

I don't want to waste away  
These nightmares always get the best of me  
Don't give up on me  
Cause' all I need is your voice to salvage all hope I have

This is who I am now, for better or for worse  
This is my burden and I can't turn back the clocks

You wont get the best of me  
You wont get the best of me  
This is my destiny!

This is my destiny  
I can't hold back now  
This is my salvation

I don't want to waste away  
These nightmares always get the best of me  
Don't give up on me  
Cause' all I need is your voice to salvage all hope I have  
All hope I have  
(All hope I have)

Carry me away from here  
I can't hold back  
Cant hold back

This is a new beginning  
The past is fucking dead  
I won't ever go back  
I can't ever go back!
