This party is so awkward
The air changed the moment I found you
I've never felt this feeling, it's out of the blue
It wavers like the tide, I've got no clue
My clueless friend keeps taking a selfie
Trying my best to ignore you and pass it
It's not cool, I'm a fool, 'cause you-ou-ou

What's up with me?
Fluttering feels
Boy, you got me nerdy
This pounding feeling is nervy (La-la-la-la-la)
N-E-R-D-Y, catch my nerdy sign
N-E-R-D-Y, it's a nerdy vibe
Might be stiff like a robot
Might be quirky, but it's fine

Wake up without an alarm
Bag with a heart keyring
Glasses, I take off
Playlist painted in black
A brand-new today, undoing yesterday's me
Daydream is over, love is coming soon
Yeah, I look so bad, it's funny
You're just a nobody, what is with me?
How many times is it now
Thinking about you feels like roller coaster riding
You drive me crazy
Gimme a break
Even when I turn my head away
You make me feel so high

What's up with me?
Fluttering feels
Boy, you got me nerdy
This pounding feeling is nervy (La-la-la-la-la)
N-E-R-D-Y, catch my nerdy sign
N-E-R-D-Y, it's a nerdy vibe
Might be stiff like a robot
Might be quirky, but it's fine

I'm so nerdy girl, certified

Yeah, this is intriguing
As the clock is ticking, my heart goes
Boom-boom-boom-boom-pow, my heart goes
Boom-boom-boom-boom-pow, my heart goes

What's up with me?
It's a sweet confusion
Boy, you got me nerdy
This pounding feeling is nervy, you got me nerdy (La-la-la-la-la)
N-E-R-D-Y, catch my nerdy sign
N-E-R-D-Y, I am confused (Yeah)

Even if you hear it, it's fine
