Iggy Azalea

It's three in the morning
I'm up and I'm horny
I want you, I want it, I need you upon me
Are you hungry?
Let me know cause I can cook if you coming
Tell me exactly how you want me to look when you're coming
I could be dressed like a schoolgirl, read a book when you're coming
It's ready for you, you could come get the pussy, you want it?
Fresh out the shower, in a towel, ready too,
I-O-U like a vowel for hours
We both getting money, I'm just tryna feel the power
Winter, spring, summer till we fall like autumn.
Lick me all over like they dipped me in chocolate
Give me LoveRance loving like Mayweather boxing
Beat it up, that's right like I stole something,
Beat it up, now I know that made you hungry,
Eat it up, I can't wait too much longer
Hurry up, hurry up

I pray I don't crash
Cause I'm speeding really fast
Yeah I'm racing to your love
And I'll be there in a flash, flash, a flash
I want it bad,
I gotta have your sexy ass, yeah yeah uh uh
Foot on the gas, hand on the dash
And I'll be there in a flash, flash, a flash

How long before you hit my exit on the freeway?
We gon' freak and let Pandora DJ
Say you not used to seeing pussy on the TV
Well that's probably cause it's usually on your face
Boy what's up? Damn you're so sexy with that passive aggression
I love when you sweating, that means that you're working around these curves
When you swerving it excites me
The way you just doing it, Nike
Almost like it's two in me, Siamese
My main thing, fuck me good like a side piece
Tell me that I'm beautiful then get it from the side please
And I'll be calling out your name like you need to be reminded

This pussy yours baby, this pussy yours baby
So add some to your food and ham more baby,
Cause you got me on lock like a closed door
Now hurry up cause you know what I'm waiting for

I pray I don't crash
Cause I'm speeding really fast
Yeah I'm racing to your love
And I'll be there in the flash, flash, a flash
I want it bad, uh uh
I gotta have your sexy ass, Iggy uh
Foot on the gas, hand on the dash
And I'll be there in the flash, flash, a flash
And I'll be there in the flash
In the flash

Uh yeah

Yeah, I can get you diamonds, pearls and shit

You make me wanna start fucking white girls again

You had me switch my whole shit up, real quick in the flash
