

Chains

Iggy Pop

I remember the time when I was hunting for dimes
All the time at the best stuff I knew
I knew I was alright stuff
I was alright

Chains, chains, chains
Chains, chains, chains

How about chains
Chains
Am I still the same?
Chains
No, I am not the same
Chains, chains, chains
No, I'm not the same
Chains
I love my chains
Chains
I love my chains
Chains
My chains of love

You can walk around on your own
You can drive around on your own
All the time that you do
You are a candidate for depression, anxiety

Chains, chains, chains
Chains, chains, chains

Where are your brain?
Chains
Are you still the same?
Chains, chains, chains
No you are not the same
Chains, chains, chains
You love your chains
Chains, chains, chains
You love your chains
Your chains of love
Chains, chains, chains
Your chains of love
Chains, chains, chains
Your chains of love
Chains, chains, chains
Your chains of love
Chains, chains, chains
Your chains of love
Chains, chains, chains

No you are not the same
Chains
No I'm not the same
Chains
I'm not the same
